# Appendices

## A3 Committees, Office Bearers and Tasks

### A3.2 {{S4.8 PARTIAL / §4.10 PARTIAL / NOTICES / QUORUMS}}

GA procedure:

- GA meetings are chaired by the Chair of GA.
- All meetings must be announced by the Chair or Host Country. There may be no ad-hoc meetings.
- Members of the GA must be given 24 hours notice of meetings, and of any *proposals* that require voting.
- Agendas and meetings are not limited to those discussed in S3.2.
- At meetings of the GA, the voting procedure is on the basis of “one vote per participating country”.
- Except where explicitly stated, votes require a simple majority.
- A quorum of a third of the voting members is required. In the absence of a quorum the Chair can call for another meeting.
- In voting procedures the Chair does not vote, but the Chair may cast a deciding vote.
- Members of the GA, IC, ISC and Organizing Committee have the right to address the GA with the permission of the Chair.
- The ED must provide the minutes of the GA meetings, which impact on the future operations and/or status of the IOI, and distribute them to all relevant parties within 30 days. After being ratified by IC, at the first practical opportunity, they must be made available to the IOI community.

### A3.5 {A4.1 (DEPRECATED) - NEW "ELECTION PROCEDURES FOR IC MEMBERS" }

Nominations for IC:

- Nominated individuals' names are to be submitted to the ED not later than 30 days before the IOI.
- Nominations must be proposed and seconded, by Countries or individuals.
- Nominations must be accompanied by brief motivation, from the nominators and nominee, of no more than half an A4 page.
- The nominee must agree to their nomination.
- All nominations are to be circulated to participating countries at least 14 days before an IOI.
- All nominations will be made known at the first GA meeting.
- The Chairman of IC will call for further nominations at the first GA meeting.

If there is a need for an election:

- The IC must establish a committee of scrutineers of the election. These persons must be approved at the first GA.
- The election will take place at the last GA meeting.
- The ED must prepare ballot papers reflecting the names of all candidates, listed in alphabetical order.
- The Chairman of IC should establish what the voting strength is before the ballot papers are distributed by the scrutineers. The number of ballot papers handed out and returned must tally with the number of countries present in the GA at that stage and eligible to vote.

- Voting is as follows:
  - Countries vote for one candidate only.
  - The vote finishes when one candidate receives more than 50% of the vote.
  - After a round of voting, if no candidate has the required majority, the candidates receiving the least number of votes are removed from the ballot and another vote is taken. Specifically, the top two candidates (or more in the event of a tie for first or second position) will be entered into the next ballot.
  - Countries wishing to abstain from voting must return a blank ballot paper.
  - The scrutineers will confirm the result and advise the Chairman of IOI who will make the announcement.

### **A3.6** {S4.3}

In the absence of the Chair of the IC, this role is taken up by the longest standing IC member present.

### **A3.7** {S4.1 PARTIAL / S4.2 PARTIAL}

IC procedure:

- At meetings of the IC, the voting procedure is on the basis of “one voting member, one vote”. Votes require a 2/3 majority of the members present at the meeting.
- A quorum of half the voting members must be present at any official meeting of the IC.
- The members of the IC are committed to share information about their tasks.
- IC meetings are closed, but the IC may invite individuals to attend specified meetings; the invitation of all invitees to IC meetings outside the IOI, and invitees to IC meetings during an IOI who are not otherwise present, must be approved by the Organizing Committee. These invitees do not have voting rights.
- The ED must provide the minutes of the IC meetings and distribute them within 30 days to IC members. Once approved by the IC they must be made available to the IOI community.

### **A3.8** {S4.13 PARTIAL}

In the absence of the ED, this role is taken-up by the Chair of the IC.

### **A3.10** {S4.12 PARTIAL}

ISC nominations and elections

- The IC proposes a list of candidates for the ISC election. The GA can extend that list with any candidate supported by at least five participating countries.
- The election procedure for ISC follows the procedure outlined *for elections* in A3.5.

### **A3.13** {S4.12 PARTIAL}

ISC procedure:

- At meetings of the ISC, the voting procedure is on the basis of “one voting member, one vote”. The members of the ISC are committed to share information about their tasks.
- The ISC may select adjunct members who may include Host Country representatives and other suitable persons. Adjunct members will not have a vote on the committee nor do any other invitees.
- ISC members including the adjunct members will not have contact with the students after seeing the tasks. They are obliged to keep IOI task descriptions and all related material confidential until published at the IOI.
- The ISC will be in frequent communication with the SC of the Host Country.

### A3.14 {§E4.6 PARTIAL}

The IOI Regulations can not and will not prescribe in which way the Organizing Committee for IOI'*n* is composed (beyond requiring the roles given in S3.14) or how its tasks are to be performed by the members. There is no preference whether the organising Host of IOI'*n* combines any of the positions of the Chair of IOI'*n*, IC member and the Chair of the SC in one person, or not. If several positions are combined in one person, each position is taken up as indicated for that position in the Statutes. *It is recommended that the organising Host does not reduce the Organizing Committee to one person.*

## A4 Host Nomination and Selection

### A4.1 {NEW - CURRENT PROCEDURE}

The IC will request a brief report from Potential Hosts including, but not limited to, information on:

- Proposed venues (competition and accommodation)
- Availability of hardware resources
- Human resources (including SC)
- A rough draft budget
- Fund raising plans

## A5 Responsibilities of Present Host

### A5.3 {A6.4}

The Present Host is obliged to prepare Guidelines for the organisation, a plan suited for the local situation of IOI'*n*, for the production, organisation, timetables and distribution of information of:

## **A6 Competition, Judging and Awards**

### **A6.9 {S7.11}**

Evaluation:

- The Organizing Committee executes the evaluation of the Competition Tasks according to the Judging Procedures.
- The outcome of the evaluation of each task element is registered on **Evaluation Forms**.
- The Evaluation Forms of contestants are distributed to the contestants' Delegation Leader.
- The evaluation data and the contestants' solution programs are made available to the contestants' Delegation Leader.

### **A6.10 {S7.12}**

Disagreements:

- When a Delegation Leader has registered a disagreement, the Leader should be available for a consultation between a member of the SC at a time which should be agreed when the disagreement is registered.

- If this final proposal is not accepted by the Delegation Leader, the Delegation Leader can bring the controversy to the ISC.
- The ISC will make a final decision after presentations by the Chair of the SC and the Delegation Leader.
- The ISC will make public all decisions. If three or more students have made the same protest, the ISC's decision must be ratified by the GA.

## **A7 Revision of the Regulations**

### **A7.1 {NEW}**

Proposals for Regulation changes submitted between the IC meeting prior to IOI' $n$  and the meeting prior to IOI' $n + 1$  will be discussed, at the latest, at the IC meeting prior to IOI' $n + 1$ .

## Notes

These notes provide background notes and are for information purposes. They do not form part of the formal Regulations.

### N1 Preamble

#### N1.1 {§E2.1}

The original idea of initiating the IOI was proposed to the 24<sup>th</sup> general conference of UNESCO by the Bulgarian delegate Professor Sendov in October 1987. This plan was included into the fifth main program of UNESCO for the biennium 1988–1989. In May 1989, UNESCO initiated and sponsored the first IOI, which was held in Pravetz, Bulgaria.

#### N1.2 {E1.1 PARTIAL}

The IOI Regulations have two purposes: a formal description of the IOI, and information about the IOI. The Regulations are also meant to be more than just procedures. The other purpose is that the IOI Regulations give:

- New participating and observing Countries a quick overall idea of what the IOI is and how it works
- Information about what steps should be made to become a Host and to organise an IOI in a certain year
- Historical information

### N2 Participants

#### N2.2 {E3.5}

It is firmly recommended that Countries reasonably circulate the yearly issues of the IOI among each other. To spread the average costs for travel it is also recommended that Countries sufficiently keep to geographical staggering.

#### N2.5.1 {E3.4}

It is firmly recommended that Contestants should have participated in a local, regional or national informatics competition in their Country as a pre-selection for the IOI, and that they belong to the winners of that competition.

#### N2.5.2 {E2.6 PARTIAL}

The age limit for contestants may also be defined as: Every contestant at IOI'*n* (held in year *ccyy*) must have been born on or after 1<sup>st</sup> July, in the year *ccyy* – 20.

#### N2.6 {§E2.5 PARTIAL}

The Invited Observer status (for new Countries) is introduced as a possibility to see the IOI in practice before participating in the IOI. But the more functional reason is that by introducing such Observer status, the number of Participating Countries is regulated. This has the advantage that the IOI and the Future Hosts are not surprised by an unforeseen amount of complete Delegations in the next year(s).

#### N2.7 {E2.7}

A representative of UNESCO is always invited to the Olympiads. UNESCO is a link to the other Science Olympiads as well, and distributes information around the world about the IOI and the other Olympiads.

### N3 Committees, Office Bearers and Tasks

#### N3.1 {§E1.5}

The term General Assembly replaces the term International Jury that has been used at past IOIs. This was done to avoid confusion between judges (members of the Host Country) and Delegation Leaders (gathered in the GA).

#### N3.4 {E4.1 PARTIAL}

The IC should include Countries that represent all geographical regions of the world.

#### N3.8.1 {NEW - IS REPLACEMENT}

The OED's responsibilities include those previously obliged to the International Secretariat.

### **N3.8.2** {E4.4 PARTIAL / A4.4 PARTIAL}

In the process of organising IOIs since 1989 all kind of materials about past IOIs are collected. This information can be found at: <http://olympiads.win.tue.nl/ioi/>

### **N3.10** {{S4.12}}

This structure is intended to ensure that the committee has both long-term and experienced members along with representatives of present, past and future organisers.

### **N3.14** {{E4.6 PARTIAL}}

The main reasons for the distinction between the three main positions are:

- The Chair of IOI'*n* should have the authority on the national level to achieve the task of the Host
- The Chair of the IC should have the authority on the international level to achieve the objectives of the IC
- The Chair of the SC should have the skills to develop Competition Tasks according to the current scientific state of the informatics discipline.

## **N4 Host Nomination and Selection**

### **N4.2** {NEW}

The status of Candidate Host is *not* given until after the formal written invitation.

### **N4.3** {NEW}

The IC expects to receive written confirmation as early as possible and would usually expect it at least three years before the IOI.

## **N5 Responsibilities of Present Host**

### **N5.3** {E6.4 PARTIAL}

The Guidelines for the organisation of IOI'*n* is a plan which is necessary for the preparation, production, organisation, timescales, and distribution of information of IOI'*n*. The plan should be suited for the local situation in the Country offering IOI'*n*.

## Reader's Guide

The current version of the IOI Regulations (marked *Approved by IC, February 2002*) represents work initiated at the International Committee meeting in Finland (January 2001). It was felt then that the existing Regulations needed updating, to bring them into line with the current practises of the IOI, to formalise definitions and consistency, and to increase their clarity and accessibility. Regulations approved by the GA in China and Finland have also been incorporated. This guide outlines the *major* changes within the Regulations, so that the reader can see how this document differs from previous versions.

**0.** Regulation numbering is in the same style as previous versions. Statutes are marked *Sa.b*; where there is a corresponding Explication it is marked *Ea.b*, similarly for Appendices and Notes. Note that, not all Statutes have an Explication, Appendix or Note. Where there are multiple Explanations, Appendices or Notes for a Statute, they are marked *Sa.b.c*.

**1.** A large amount of reordering has taken place and many of the previous Regulations have been separated into multiple places or combined. In particular, many Regulations have moved due to a more formal delineation between Statutes, Explanations and Appendices. As such, the current numbering does not correspond to the numbering in previous versions.

After each Regulation you will see an entry in curly-brackets; for example “**S1.2** {S1.1 / §S1.2}”. The numbers within the brackets are references to numbers in previous versions of the Regulations. Where the Regulation is drawn from several previous Regulations (or is partial etc...) it is noted. The symbol § before a reference indicates that the original phrasing / regulation has been modified.

*All Regulation numbers in this guide, except where explicitly mentioned, refer to the new numbering.*

**2.** Regulations marked “new” generally correspond to existing practice which was previous unremarked in the previous versions. In some cases these Regulations are merely to add consistency or definitions. A few Regulations are matters arising from the last two years’ IC or GA meetings.

**3.** Details of responsibilities can be found in the Explanations; details of procedures can be found in the Appendices. For example, S3.1 defines the GA and E3.1 gives the GA’s responsibilities. Similarly, S3.2 mentions GA meetings and A3.2 lists procedures (such as voting).

**4.** To enable the IOI to deal with financial institutions (for example, as required by the current registration fees) S1.8, S1.9, parts of E3.4 and E3.8 have been added.

**5.** In accordance with United Nations usage, “nation or state” in S2.1 has been changed to “state”.

**6.** In accordance with previous IC decisions, eligibility of Contestants in S2.5 has been clarified.

**7.** Major work was undertaken in China to formalise the definitions of Participants; in particular to emphasise who is eligible to attend GA meetings and who has their IOI costs covered. In particular, see S2.3, S2.6, S2.7, S2.8, S2.9, S5.9 and E3.2.

**8.** S3.2 (GA meetings) has been rephrased in accordance with intent. A3.2 has been augmented; in particular it now includes requirements for 24 hours notice of proposals requiring voting. References to the *President of GA* in previous versions have been replaced by the *Chair of GA* (see S3.3).

**9.** References to the *Host Team* in previous versions have been replaced by the *Organizing Committee* (see S3.14).

**10.** Major work was undertaken in China to clarify the procedure for host nomination and selection. This can be found in S4. For clarity, relevant dates have been placed in E4. The information currently requested by the IC from potential hosts is listed in A4.1.

**11.** S5.14 has been added in accordance with current practice regarding flags.

**12.** E5.10 has been added in accordance with current practice regarding ranking.

**13.** The previous Regulations referred to a method of competition evaluation that was no longer in use. Evaluation and appeal Regulations, as approved in Finland, can be found at S6.9 and S6.10 (and A6.9 and A6.10).

**14.** The Regulations regarding Regulations have been updated in S7 (E7 and A7). In particular dates and notification have been added.

**15.** References to the *International Secretariat* have been removed, since the relevant duties had been passed to the OED (see E3.8).

**16.** The nomination procedure for IC nomination and election, as presented in A3.5, follows the rules prepared for Finland.
